

Issue starting RDF Studio

Posted by numer - 2015/06/11 09:04

Hi! I've had an issue starting RDF Studio on my machine. It downloads and installs fine, but as soon as I start up the 'Please wait...' trial version window comes up and after a few seconds windows says there has been a problem and the program closes down. Any ideas how to fix this?

=====

Re: Issue starting RDF Studio

Posted by admin - 2015/06/11 09:11

Hi numer - sorry to hear you have had problems.

We've aware on some machines that have their Windows Management Instrumentation (WMI) service configured in a particular way that this problem can occur, and we're resolving this for the next update.

If you look in the Windows Event log on the machine on which it is happening, so you see something like this?

Application: LinkedDataTools.RDFStudio.exe

Framework Version: v4.0.30319

Description: The process was terminated due to an unhandled exception.

Exception Info: System.Management.ManagementException

Stack:

at

System.Management.ManagementException.ThrowWithExtendedInfo(System.Management.Managem
ntStatus)

at System.Management.ManagementObjectCollection+ManagementObjectEnumerator.MoveNext()

We're also determining here what the workaround is for the latest RDF Studio version, and we'll post shortly.

=====

Re: Issue starting RDF Studio

Posted by numer - 2015/06/11 09:13

Yes, when I look in the Application logs in Event Viewer (Administrative Tools on Windows 7) that's the one.

Морковководение

Posted by Altonliz - 2016/12/18 12:36

Развожу морковь в домашних условиях.

хотел бы побольше узнать об этом бизнесе если кто то разводит морковки дома. помогите, какая должна быть температура при выращивание?
